Programs & Services

LOW VISION CLINIC

Individualized rehabilitation services that make the best use of remaining functional vision for people who no longer benefit from glasses, contacts, surgery or medication.

HOME SAFETY ENHANCEMENTS

Assessment, advice and modification of the home environment to prevent falls, improve health and enhance safety for people living with permanent vision loss.

DAILY LIVING ADAPTATIONS

Instruction in adaptive ways to perform daily tasks to live independently at home, to obtain or maintain employment or to take part in community life.

ORIENTATION & MOBILITY

Instruction in safe, independent travel in the home, workplace or community including white cane and sighted-guide training when appropriate.

CAREGIVER SUPPORT

Strengthening the knowledge and skills of caregivers to create supportive environments for people who are blind or visually impaired.

EARLY CHILDHOOD

Assistance for families to best support their child's development and to meet the challenges of raising a child who is blind or has low vision.

ASSISTIVE TECHNOLOGY

Training in the use of computer hardware, software or other assistive devices for use at home, work, school or play.

RESOURCE INFORMATION

Information and referral to local, state and national agencies that specialize in services for people who are visually impaired.

“Saving Grace”

“My eyesight was deteriorating, but really it was my life that was deteriorating. The Sight Center was my saving grace. They slowly picked up every little piece of my life that was crumbling and put it back together on a whole new level. Life is now amazing!”

– Amy R.

“I Don’t Have to Be Afraid”

“Until you taught me how to use a white cane, I didn’t have a life after dark. Now I don’t have to be afraid anymore.”

– Rhonda S.
